Screw

Stopper For Wire

Installation Template

QIG

INSTALLATION

● Ceiling Mount

1. Locate the mounting template at the installation position and drill the wall.
2. Hammer the 3 expansion screws into the wall holes drilled
3. Route the power and BNC cable through the bracket
4. Tight the box to wall through the three screws
5. Insert the box ring to the mounting plate for waterproofing
6. Open the dome cover by loosening screws
7. Connect the power and BNC cable with the camera cables
8. Assemble the vandal proof dome base to the mounting plate using the assembly screws
9. Set the camera's viewing angle
10. Put the dome cover to the dome unit and tighten screws.

● Wall Mount

Details operation steps please refer to the above-mentioned **Ceiling Mount**.
