

CERTIFICATE

Registered Panomorph Hardware

Certificate Number

PW1218A01-415A01

ImmerVision hereby confirms that hardware:

ISD-55P0010P0A

By the company:

Eneo

Is certified with a Registered Panomorph Lens (RPL), reference number: **RPL B5SST**

This certificate confirms that the Eneo ISD-55P0010P0A is a certified panomorph hardware and meets the specified field of view, focal plane field, and distortion profile in accordance with ImmerVision's Certification Procedure*.

The certification procedure and test is documented in ImmerVision Enables Hardware Certification Report Version 1.0.0.0, dated October 8, 2015.

This certified panomorph hardware is fully compatible with ImmerVision Enables algorithms which provide 360° immersive viewing functionalities when properly used with ImmerVision Enables certified cameras or imaging devices.

Patrice Roulet
Vice-President, Technology

* The certification procedure does not guarantee the performance or quality of the lens.
